

## Import Player Point Values 11th May 2016

**Brief:** This document has been prepared for the use of Affiliates and Coaches to determine values of imported players that may be wishing to participate at their Affiliate. Below you will find an extract of the new General Conditions of Entry which highlights how the system works and the implementation of this. For more information on this or to clarify information please contact NSW Touch Football Events Manager Robert Summers via robert.summers@nswtouch.com.au

### 3.2 Player Points System Determinations

#### 3.2.1

If players who are not “home grown” or “long term” force the maximum points to be exceeded the set limit, then the nomination of that team will not be accepted until the adjustment is made by that Affiliate and their team/s is no longer valued at in excess of set.

The Player’s Point System and interpretation of such will be determined and monitored by the Players Points Committee, who in the case of a dispute retains the right to assess any player, to any points value which is in the best interest of the NSWTA events.

All transfers and players history will be documented for use in determining the value of the players from one year to the next.

### 3.3 Player Points System Definitions

**Affiliate Competition-** The staging of qualification knockouts, tournaments or competitions over a three day weekend or successive weekends does not qualify the player to meet the eligible participant and five (5) game criteria. The minimum standard for the NSWTA is that of a weekly competition running no less than ten (10) weeks based on one (1) round per week. Finals are additional to this.

**Country** – is defined by Affiliates in the Southern Suns, Hunter Western Hornets and Northern Eagles.

**Eligible Participant-** must be a registered, actively participating financial member with a NSWTA Affiliate they wish to represent having participated in a minimum, of five (5) domestic competition games in one (1) division in the current Affiliate competition or previous Affiliate Competition.

**Home Affiliate Status** – is determined by:

Where they first played representative touch or

First senior representative touch if the player **did not** participate in junior representative touch.

**NB.** Where a player’s junior Affiliate does not have senior pathways the NSWTA will link that junior Affiliate to an existing local senior participating Affiliate. As such this means that the player would go to the linked Affiliates at zero points. This is only applicable where a player played junior representative touch for an Affiliate that does not have senior pathways.

**Import Player** - is one who has come from another Affiliate, state or country and having played representative touch within the last three (3) years.

**Incumbent** – is defined as:

Being a current participating member of a representative team until such time as that player is replaced in that team or

## Import Player Point Values 11th May 2016

In the case of Youth representative players, once that player is over age of their incumbent team they will revert back to their next highest level based on the NSWTA event age criteria i.e. year of birth.

**NB.** To be incumbent a player must have participated in a team and not just been a squad member. Any player who falls into the three (3) year window but has not participated within the last calendar year will be valued at one level below that of their last representative level in the calendar year in which it occurs. E.g. If valuing a player for 2016, and that player did not play representative touch in 2015, we would look to 2014, if their highest level in that year was Elite 8, and they would be valued at Regional Opens player.

**Interstate Player** - Is not eligible for home grown or long term player status unless they have declared that selection to NSWTA State of Origin as their first choice. Therefore a player who chooses not to represent NSWTA will be treated as a new import player year on year.

**3.3.1 Like Competitions** - Competitions that are recognised by the NSWTA as competitions equal/equivalent to/of representative competitions in NSW.

**Long term Affiliate status** – a player who after 3 years without representing another Affiliate will have their points return to zero. The 3 year period will commence from the first tournament entered and is a calendar year from January 1 to December 31. I.e. if John Smith transferred to or commenced playing with Affiliate XYZ at any event in 2013, he would be valued at zero points as of the 1<sup>st</sup> January 2016.

**NB.** On reaching long term status it needs to be noted that this **does not** become or replace a players Home Affiliate.

**New player** – any player who has not played any level of representative Touch (not including School pathways) and that did not play with the team at the last NSWTA event which that Affiliates entered.

**Point's value** – A player's points do not escalate as their representative honours do whilst at the same Affiliate. That is they remain at the same value that they came to the Affiliate with. This only remains in force if only the player does not represent in another affiliate/team in a NSWTA event or recognised Like Competition.

**Representative Player** – any player who has played any level of representative Touch (not including School pathways) within the last three (3) years.

**Residential exemption** – Is only for;

- A country player who moves from one country town to another country town as long as this is outside their current Affiliate Cluster.
- A country player that moves from the Country to the City for educational purposes will receive an exemption where they participate for the Affiliate in closest proximity to their residential address or their attending University.

## Import Player Point Values 11th May 2016

**Senior Player-** is a representative player who participates at the 30's division or older.

**Top Four Affiliate-** is an Affiliate who in Men's Open, Women's Open and Mixed Open have been ranked in the state's top four based on the previous year's results under the NSWTA Ranking policy.

**Transfer List-** To assist in managing the points system process the NSWTA will list as at May 25 each year the transfer value of a player for the following representative season on the NSWTA website. This value will be determined by the highest level achieved in that year and will remain the same value for the full calendar year regardless of any higher representative honours.

**Youth Player-** is a representative player who participates at the 20's division or younger or participates in the NTL T- League but is under the age of 20.

**Regional Youth Player-** is a representative player who participates in the Junior Regionals.

The 2015 State rankings for each of the division's top four are; needs to be updated

3.3.10	<b>Player Points Value</b>

## Import Player Point Values 11th May 2016

**N.B:** This only applies to any player moving from one NSWTA affiliate to another NSWTA affiliate. International or interstate players do not qualify under this clause and are still worth relevant points.

The below table demonstrates the points value of players based on their highest representation over 2016, 2015, 2014 & 2013. To use this table to determine a points value the player should choose the most recent highest representation. Note also a player's point's value remains that at the point of acquisition. It does not slide each year of representation until zero.

**N.B** 2016 only includes Junior Regional & Youth International Players
